ABOUT US

With over 12 years of experience, 500 skilled workers, and 3 satellite manufacturers in Hai Duong and Thai Binh, we are fully capable of producing high-quality garments at competitive prices & MOQ.

If you are a start-up brand, a fashion label, or a company looking to develop custom uniforms for your team, Ximtex is here to support you. We offer a high-quality, ready-made ODM collection at competitive prices, and our R&D team can also work closely with you to design fully customized products tailored to your brand.

We offer:

- Fast and flexible OEM production
- Customizable samples based on your designs
- Strong capacity to meet both small and large order quantities
- Long-term, stable partnership

KNIT WEAR

We support both OEM (your design, our production) and ODM (our ready-made designs customized to your brand) models. Our in-house team helps optimize your tech pack, develop samples quickly, and ensure fit accuracy before mass production begins. Each production run goes through a strict QC process to meet your standards — and exceed customer expectations.

Whether you're building a basics collection, launching branded merch, or introducing a seasonal fashion drop, Ximtex is your trusted partner for high-quality production in Vietnam.

A man with a mustache, wearing a black cowboy hat and dark sunglasses, is shown from the waist up. He is wearing a tan, multi-pocketed jacket over a dark sweater and blue jeans with a brown belt. He is looking slightly to the right of the camera.

JACKETS & OUTER WEAR

At XIMTEX, we don't just make jackets — we help you create outerwear that speaks your brand's language. From bold fashion statements to high-performance outerwear built to brave the elements, every jacket we manufacture is designed to carry weight — in both style and substance.

Quality isn't a slogan here — it's how we work. Every piece we make goes through real-time quality checks, from first stitch to final box. Whether you're ordering 500 jackets or 30,000, your production will meet the same strict standards. Our factory team knows jackets, down to every buttonhole, seam allowance, and temperature rating.

We also specialize in 3-needle flat-felled seams for denim garments, a technique that enhances durability, structure, and overall premium appearance. With our advanced washing capabilities and strong sewing techniques, Ximtex ensures every denim product meets international quality standards and delivers a truly elevated look and feel.

At Ximtex, we offer a full range of premium denim products manufactured with high consistency and craftsmanship. Our in-house washing factory can achieve any denim shade or finishing effect you require — from classic stone wash, vintage fade, enzyme wash, bleach effects, to modern distressed or textured looks.
